Comment text:

On behalf of the Trustee Tuebrook Hope Group we are a community charity working in Tuebrook and the adjoining wards This year we have managed a 84k investment and renovation of Christ Church to create both a modern worship space, a permanent youth office supporting for bot outreach teams and youth trainers. This project could not have been done if the Tuebrook Stoneycroft Cllrs had not been working and supporting as one coherent team. We strongly object to the partition of Tuebrook and Stoneycroft into 3 wards dissecting a natural community shopping area and focus for so many organisations No where have anyone explained how this would be beneficial or even why Tuebrookand Stoneycroft should be partitioned whilst Anfield and Kensington are not
