

Chesterfield Borough Council

Personal Details:

Name: Simon Parker

E-mail:

Organisation Name: Hollingwood Residents Association

Comment text:

As Secretary of Hollingwood Residents Association (HRA) I would say that I and many residents would prefer to stay within Staveley Ward rather than be moved into Brimington, We get a lot of support from Staveley Town Council, both financially and in general, from it's councillors and would greatly miss this, we feel that our needs would not be met if we are moved to a new administrative area. We as a residents association have been built up over many years and are well known to Staveley in regards to our achievements and commitment to the local population. It also splits us from Ringwood Park which remains in Staveley Ward, and us in Brimington. HRA have recently donated £2,000 to the BMX track at Ringwood and are keen to continue to support this and the development of the park but it would fall into a different area and would therefore cause problems.
