A large black rectangular box redacting the personal details of the user.

Comment text:

I've never seen a anything so stupid, why would Abberley need to be, or even want to be, included with parishes miles away from us, it's worked perfectly well as the Woodbury Ward for years so why on earth do you think it's a good idea to change it. I'm just discussed that someone is actually being paid to make such a decision is this why we have to pay Malvern Hills so much council tax.
