I am 44 years old and have always lived in [REDACTED] and currently come under the ward of Gorse Hill and this has never felt right, notwithstanding the fact that geographically M32 9PE is about as far removed from the physical location of Gorse Hill as you can get without being in Urmston / Davyhulme. I have never identified as being from Gorse Hill. I am from Stretford, and proud of it. I appreciate this limited information probably isn't the best help you're going to get with redefining boundaries but I felt it important to register that I in no way feel like part of Gorse Hill and never have. Also, with the M60 being what I have always been led to believe is the natural boundary between Stretford and Urmston and Davyhulme I also consider the Trafford Centre and the new "Trafford City" to be in Stretford, supported I believe by the fact that Kellogs is at the other end of Barton Dock Road and claims its address as Stretford and about halfway down Barton Dock Road is "Stretford Motorway Estate" (a trading estate) and the (relatively) new Coppice Farm and Williams car dealerships also list their addresses as Stretford.
