Comment text:

Hello there My name is [REDACTED], im a resident of the RopeWalks and [REDACTED]. I'd like to put forward a suggestion to review the placement of both the Ropewalks and Baltic triangle in the Riverside ward. as both are growing urban neighbourhoods I feel they would be better represented as their own ward or as part of the central ward. most of Riverside is made up of Toxteth and Dingle these are suburbs, not urban neighbourhoods, the differences are vast and it's difficult to effectively represent both interests at the same time.
