

Liverpool City Council

Personal Details:

Name: [REDACTED]
E-mail: [REDACTED]
Postcode: [REDACTED]
Organisation Name: Resident of Garston

Comment text:

I don't really understand why Garston has been lumped with Speke. Since all this has done is reduced Garston to an extension of Speke and given the area a bad name like Speke. Garston has its own identity and should not be lumped next to Speke. Cressington used to be part of Garston. IMO, Garston and Cressington should be a new ward. Speke should be with Hunts Cross. Stop neglecting Garston, council. You leave the area with pot holes and rubbish. Put bins in the area. Stop neglecting the area. Garston needs to be treated as well as any other South Liverpool area. If you made Garston its own ward or removed Speke from the equation then the area could improve. Speke takes too much priority. It should be its own ward since it is so big and important for those who drive. Garston is a village which has been neglected by the council and made into a slum poverty struck area. Homeless people sleeping under the hideous bridge. Drug dealers living and disturbing ordinary people's lives. My point is, you neglect Garston and I am sick of it. It is becoming a worse place to live.
