Comment text:

The area bounded by Cranborne Road, Picton Road, Smithdown Road and the railway between Edge Hill and Moseley Hill is diverse, and has a heavy student population. In my opinion, it would make sense to keep this community together and give it the opportunity to choose its own representative. Whether this be as a single ward or part of a larger ward, I believe this area shouldn't be split between multiple wards as it is now. I would name the ward 'Smithdown' as this is what the area is referred to by the majority of the local residents.
