### Comment text:

The ward of Wisbech St Mary& Parson Drove should remain as it is as it is plenty large enough to manage for our councillors as it is instead of putting Parson Drove with Roman Bank and Wisbech St Mary with Elm which are totally different geographical parishes and have little in common ,the ward boundary should be the River Nene and not encroaching west of Wisbech,The councillors are easily accessible as it is at the moment as opposed to councillors several miles away who do not understand the demographics of the current ward. This seem to be a ploy by the Conservative Party to gain these seats,but large wards as is being proposed means less representation of local people who know the area. I appeal to you to keep this ward as it is ,things are working well
