### Comment text:

I wish to register my concern to the proposed changes of the electoral boundaries relating to Leverington, the village that I live in. Leverington is a rural village separate to the town of Wisbech, we have our own Village hall that is used for voting purposes and a community of its own. I feel that it would be very detrimental to the village and residents to be put in with the town of Wisbech for electoral matters, I am also not happy with the proposal of the name change to Wisbech.
