To Whom it may concern

We are writing to object to the proposal of splitting Parson drove and WSM ward to create 2 new fenland district council wards.

We live in Murrow and this proposal will have a great impact on our village as it will divide the village.

Not only is our village our home it's our community and family including our 2 councillors, the community has come together through thick and fine including COVID 19 and is heartbroken at the thought of the village being split. Please reconsider any decision and let the village continue its good work as one.

Thank you
