Organisation Name

Comment text:

I am a resident of Apley Castle , and also work locally in the area . I have therefore known the area for some time . I think Apley Castle has a distinctly different feel to it than Leegomery , and the woods and more rural nature of Apley makes it distinct from the more suburban Leegomery . I would like the two wards to remain separate going forwards , and not be merged together . I feel that this would preserve the identity of both areas for the future .
