Comment text:

Newports boundaries should mirror the T & W council voting boundaries. Those who currently live on Wright Ave and those who will live on the area just sold for development on A518 currently under Chetwynd Aston and Church Aston parish councils, use Newports schools, doctors, dentists etc and identify with Newport. They will attend Town Council funded events i.e Christmas Light switch on, carnival etc, and will benefit from the library, flower displays and a clean and safe town, all of which is paid for by the people who live in Newport. Newport already embraces these people and it is our wish that they can become 'official' town dwellers.
