I think taking Rough Rew and Goodwyns away from the Holmwoods Ward breaks up the community. Chartdowns, Rough Rew, Goodwyns and the Holmwoods (particularly North Holmwood) has a community spirit and run several events in partnership. I live in Rough Rew and my church, local shop, GP, social club, and outdoor spaces amongst other things are all in North Holmwood. When it comes to voting it is these areas I am interested in. I think the reasoning that Beare Green would like to be in the Holmwoods Ward does not make sense if it means severing ties with the community that is currently in place. Furthermore, I believe the change will lead to many people in Goodwyns and Rough Rew not voting anymore as we don't have as much to do with the Dorking South area as we do the Holmwoods and the issues in the ward that require changes would not actually affect us.
