Hello,  
Further to your invitation for comments to the Move Valley District Draft Recommendations:

I have no comment on the change to the boundaries other than to say that I appreciate the apolitical nature of the process and the intent of the electoral review as described in the Introduction. However please would you reconsider the names selected for the new wards around Bookham. Our current ward is South Bookham and under the proposal we will be in a new ward called "Eastwick Park" whilst the other half of the village goes into "The Bookhams" . Please don't cut the link between the ward name and the village name or, if you're determined to drop the village name from the new ward, then please do it for all of the Bookham and Fetcham wards. The other wards in the area, with the exception of the very rural Leith Hill ward, reflect the main village or town names; it's not clear why a large part of Bookham is being singled out for special treatment. There are plenty of options for a new ward name that includes the word Bookham in some form.

Regards
