Comment text:

I approve of the new Bevois borders: they better match my conceptualisation of the area (i.e. removing Bellevue, putting the border at the Avenue). I think Bargate North/Bargate South is a highly unimaginative pair of names. It would be better to just have one Bargate. Make Bargate South the only Bargate (as, after all, there is only one gate and it is in the southern ward). Make North Bargate something else, like Banister or Dell.
