Thank you for the announcement of proposed changes and the invitation to submit comments. I believe it would make better sense to change the southern boundary of the Portswood ward from Avenue Road to Lodge Road. * Avenue Road is a narrow road and a close-knit community. Splitting the north and south sides into separate wards seems divisive and potentially detrimental to community relations as well as liaison with the city council, local groups, etc; especially as Avenue Rd is part of the Outer Avenue Residents Association (OARA). * Lodge Road is a major thoroughfare in this part of the city and would make a much more natural boundary. * I understand that Bevois and Portswood councillors, as well as OARA, favour Lodge Road as the boundary, rather than Avenue Road. Based on the above points, I hope you will reconsider the proposed boundary between Portswood and Bevois wards.
