Not understanding why all roads around the 'shirley park' area are included in Millbrook considering nothing past Treboursa Way towards Romsey road, including that part of Oakley road (from the cross roads towards shirley) is ever considered or recognised by councillors as Millbrook. Even our postal area is Shirley. I live in Shirley Park Road and consider this part of Shirley...we are closer to shirley itself than the area of Millbrook. Everything suggested or worked on is always within Millbrook and not in our part of what is considered 'Millbrook Ward' consideration should be made in relation to changing this boundary line from Treboursa way towards cedar park (oakley road) into Shirley Ward, where we actually live!
