

West Northamptonshire Council

Personal Details:

Name: Sam Wakefield
E-mail: ERACommitteeNorthampton@gmail.com
Postcode: [REDACTED]
Organisation Name: Eastfield Residents Association

Comment text:

Eastfield Residents Association have been discussing boundaries in depth and would like to make the following proposal: We would like Westone to be removed from Headlands current Ward and incorporate Lakeview and Eastfield Park, as it was in Eastfield County Electoral Division 2005, this should have roughly the same number of electors as the Councillors elsewhere. We believe that Westone is on the outskirts of our Ward and by removing this area and incorporating Lakeview and Eastfield Park it will create a better and more coherent community. Westone has its own local shops on Charnwood Avenue and would use Westone Favell Centre whereas the catchment area we are suggesting would have Morrisons in the catchment area. This new Ward boundary will have use of local facilities and promote similar interests and goals. It is important to increase areas west of Eastfield Park as e.g. Coniston Ave overlooks the park. Eastfield Park improves wellbeing and is a huge part of Eastfield, Headlands and Lakeview community. Parklands still have a park within their area. We feel that we should stay this side of Kettering Road and the far side needs to stay in Parklands. The Wellingborough Rd south naturally belongs to Weston Favell Village. We strongly feel that Booth Lane east belongs to Boothville or Westone. Please see attached map showing an outline of our proposed new ward.
