Comment text:

The Boundary commission have produced their initial report, it appears that Pattingham and Perton are not to be merged, but Pattingham merges with Lower Penn, Seisdon and Trysull with 2 District Councillors. The 2 Councillors will be from any of the 4 wards or from within 5 miles of the boundary. The deadline for comments is the 10th January 2022. It was discussed as to whether to make comments again on this consultation, but it was felt that comments that the villages have their own intrinsic personality and do not have any connection with Pattingham, and Pattingham should still in this situation should due to its size still have its own District Councillor. The other villages all together are the same size as Pattingham. Therefore it was Resolved that the Clerk submit these comments on behalf of the Council.
