### Comment text:

To combine Doddington, Wimblington, Benwick and Christchurch as one ward would not be beneficial to any of the Parishes, or the Ward Councillors. It appears geographically that the total area is disproportionately large and would be difficult to cover. The map clearly shows that Parishes would be better served, if there have to be reductions, to combine Benwick with Doddington or Whittlesey and Christchurch and Elm with March East or Wisbech. Neither Doddington or Wimblington have any real contact with Christchurch or Elm, who identify more with Wisbech. Doddington and Wimblington are better served by having their own Ward Councillors
