Comment text:

It is proposed that the Herongate, Ingrave and West Horndon Ward be enlarged with the number of Ward Councillors increased from two to three. There are concerns held by West Horndon Parish Council tyhat not enough weight has been given in tehse proposals to the two major housing developments planned for West Hordon Parish over the next ten to fifteen years as identified in the Brentwood Borough Council Local Development Plan. The two major housing developments planned for West Horndon Parish are Dunton Hills Garden Village and the West Horndon Estate on the site of the present industrial estate. These would see in excess of 5,000 new homes built over the life span of the latest adopted Local Development Plan.
