Subject: WOLVERHAMPTON BOUNDARY CHANGES

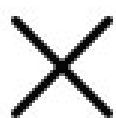

Categories: Submissions

hi just been looking at the changes for Bilston East and Bilston North.

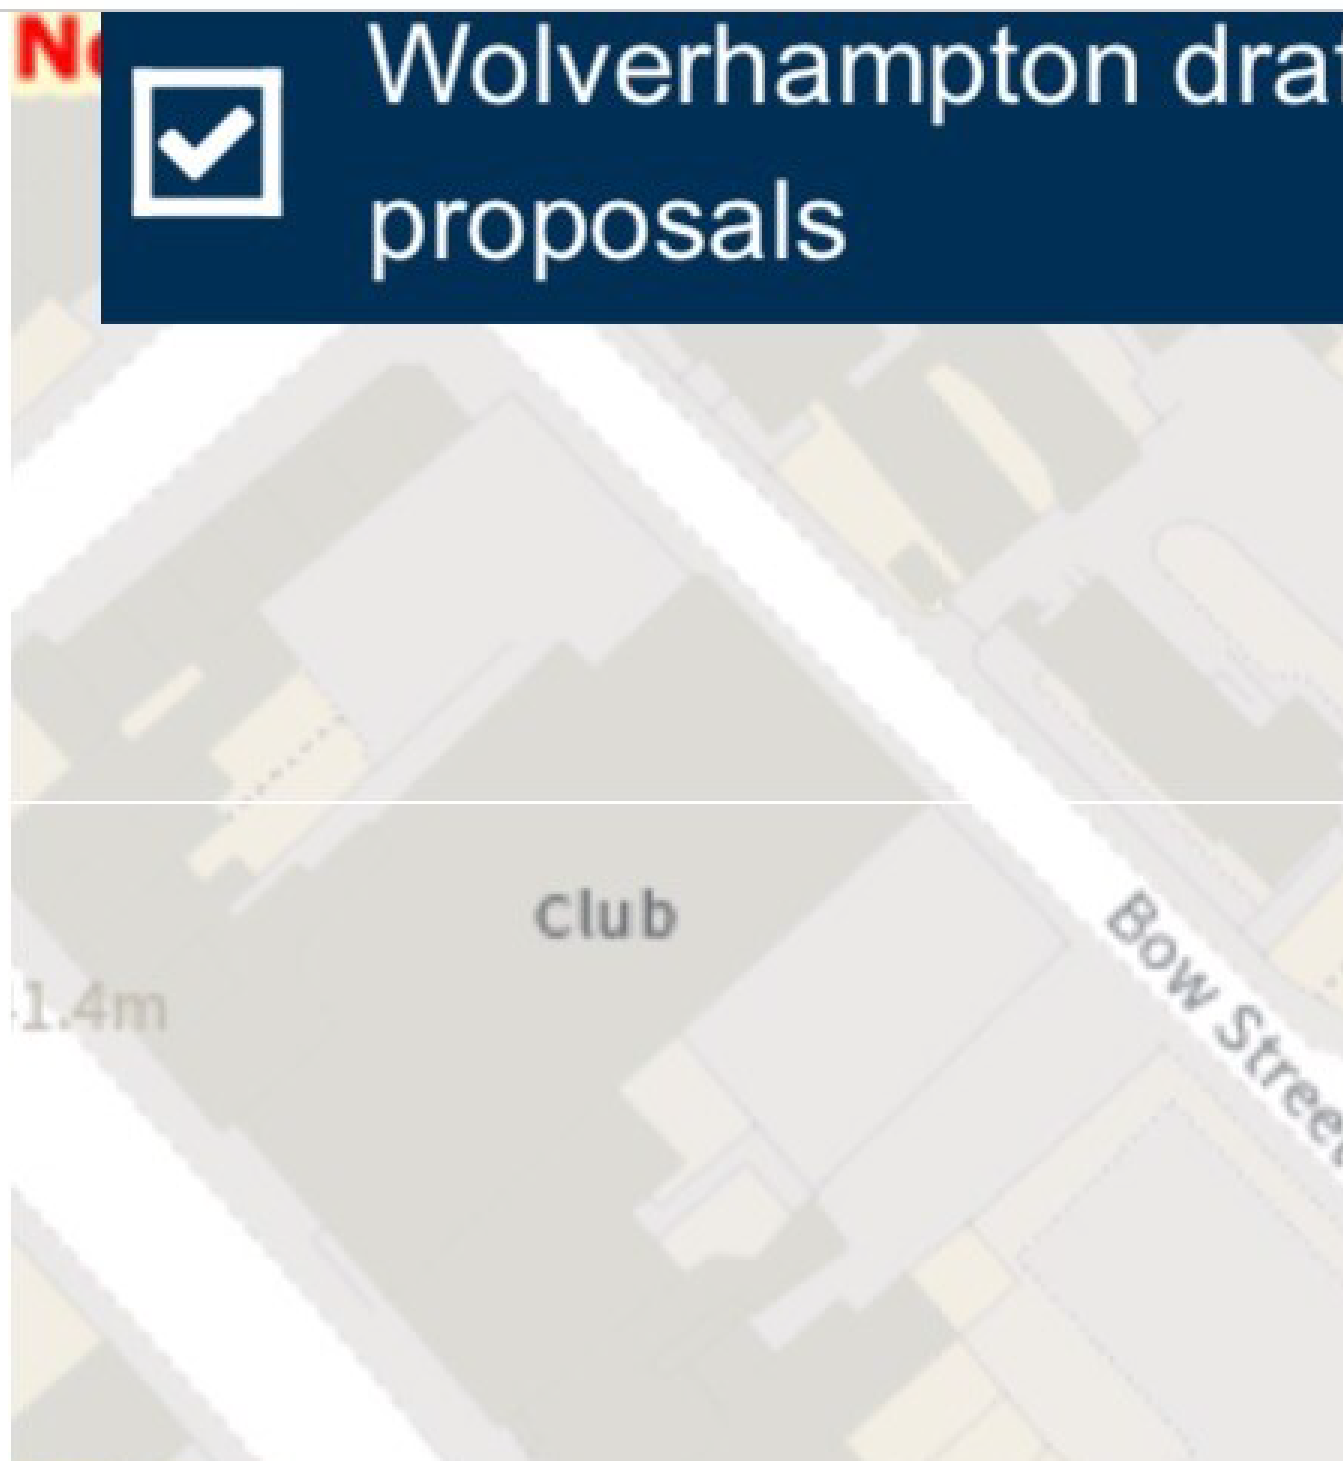

Most of it seems sensible, but I noticed that part of Fraser Street was cut off from Bilston East. This is splitting a small corner off a community. There aren't many properties in that area. The polling station for this area I believe is at the Holy Trinity School in Fraser Street, if it's moved to Bilston North, they will have to use another polling station further away and I think that it will discourage them from voting. I think the area in green should be included in Bilston East.

Thank you.
