**Comment text:**

This new proposal will mean children will not get into woodfield school and will be suggested with graisley which is further away. We currently walk children to woodfield . You will be forcing people with children around here to get in the car to potentially drop kids off to a school further away when all parents around here walk the children to school. You are supposed to be thinking about the carbon footprint what is wrong with you?. Also house prices around here will drop! Very very unhappy about this please leave us alone!
