### Comment text:

Under no circumstances should Coalway Road move from Penn to Graislely Ward. When I moved to Coalway Rd I checked that the property was in Penn Ward prior to purchasing the home. Moving the boundaries will have an adverse effect on the insurance of houses, cars etc by moving Coalway Rd to Graislely ward. I see no benefit to the residents by moving Coalway Road to Graislely ward. All the residents that these changes effect should be written to and asked what they think. I only found out about these planned changes because I saw a comment on Facebook. The communication from the council to the residents about these proposed changes is very poor.
