The house, in which I live is on the south side of Coalway Avenue. It is proposed to transfer my side of the road into the Graislely Ward. I have lived in Coalway Road since 1978, 43 years. In all that time I have never been involved in any activity associated with Graislely ,except when my son attended the W-ton Authority music school. Graislely is unique ,having its own local facilities and identity as do other wards in our surrounding area. My children attended Penn schools ,both primary and secondary and the activities in which I am involved are in Penn. When things are not going well for political parties the phrase often quoted is -" We must listen to the people " I do hope that this proposal will be part of that listening process.
