To th I am writing this email in concern of recent boundary changes that are being made to the Penn area. These are highly problematic. I do not understand the reasoning behind making these changes. I find it absolutely disgusting and pathetic we were not consulted before such drastic changes were made regarding our own residential area and I would appreciate it if the government did not stick their overpaid beaks into our lives. Whoever made this decision should've held a local meeting discussing this with the residents. Now since the time to do that has passed they should be held accountable for this and answer for their actions. I cannot believe this is happening it is if as though a 5 year old has made this decision to sever one part of a ward and merge it with another. Regards [REDACTED]
