Comment text:

I currently live in Davyhulme east, which will become part of Lostock & Barton. This would have an impact on insurance rates due to crime rates in Lostock being higher. And should have an impact on house prices and saleability. But this does not matter to the council, I do not want this change to happen, but that also does not matter to the council, all the council care about is lining there own pockets, and what Benifits the members and leaders. This survey is just lip service and do doubt what ever happens I will end up paying more because of it. And this survey is only happening because you have a legal duty to carry out a conciliation and you will do what you want anyway.
