Hello,

I am a resident of Altrincham and would like you to consider the following comments regarding the proposed boundary changes within the borough of Trafford.

I am a resident in the Altrincham Ward and would wish to remain in the ward.

It would seem that there has been a population growth in the centre of Altrincham and therefore it would be reasonable that part of this ward be moved into a neighbouring ward. As Oldfield Brow is the furthest from Altrincham centre, this would seem the most logical option.

However, as a local resident, my observation would be that moving Oldfield Brow into Bowdon Ward would make it more important for Dunham to be in Bowdon Ward.

Therefore, I suggest you reconsider proposals for a Western Parishes Ward.

Kind regards,

[REDACTED]
