Comment text:

I am a resident on Leys Road Timperley. I wish to be included in the Timperley / Altrincham ward rather than Broadheath. The reasoning for this is because it is a more accurate descriptive boundary - my home is located physically closer to key Timperley landmarks (For instance Timperley Station which is right on my doorstep is not called Broadheath Station). It was also part of the original Timperley Park (<https://manchestervictorianarchitects.org.uk/index.php/buildings/watling-gate-leys-road-timperley-park>) purchased by Lt Col Newton. Leys Road is one of the most sought after areas in Timperley and the house prices reflect this <https://altrincham.todaynews.co.uk/2021/04/23/property/the-top-20-most-valuable-roads-in-timperley/> which is more in keeping with Timperley South/ Hale Barns/Altrincham. I see no concrete reason (other than your ref below) why Timperley cannot just be Timperley, its like referring to apples as oranges, both fruit but different characteristics. your ref: How will the recommendations affect you? 12 The recommendations will determine how many councillors will serve on the Council. They will also decide which ward you vote in, which other communities are in that ward, and, in some cases, which parish council ward you vote in. Your ward name may also change. 13 Our recommendations cannot affect the external boundaries of the borough or result in changes to postcodes. They do not take into account parliamentary constituency boundaries. The recommendations will not have an effect on local taxes, house prices, or car and house insurance premiums and we are not able to consider any representations which are based on these issues. It not be environmentally friendly to travel into Broadheath itself for voting purposes. My nearest primary schools are in Timperley (Park Road and St Hughes), some of my children (90s) as are two secondary schools.
