Comment text:

Please do not separate the broomwood. It is a community in its own right and will suffer if it is considered as being part of an affluent area. It certainly is not. The broomwood is full of working class people and families that do what they can to get by and are supported by amazing groups and charities. Funding is hard enough to secure for such groups and affluent areas are not allocated as much funding. Please do not separate such an amazing community, it could have devastating consequences to the residents. Furthermore, although the broomwood is in timperley, even as a child I was often told I was not from timperley, I was from the broomwood, which was treated as its own entity despite being classed as timperley. This new boundary will see an established community segregated by area classification, which has more repercussions for the residents than people realise.
