I am pleased to see that the direct impact on my future local political location has taken into account my original comments that areas to the East of the Bridgewater Canal/Metrolink line that currently lie in the Broadheath Ward but are cut off from the bulk of the ward by these boundaries and the A56 are proposed to move into a new Timperley North Ward. This would seem to make sense adding the area into a ward where it would feel part of a connected community and also reflecting the fact the area is regarded as Timperley (or West Timperley by some locals) rather than Broadheath which would appear to be regarded more as the area to the West of the A56 around the retail park, industrial units around Atlantic Street and surrounding areas plus Stamford Brook and Sinderland Brook areas. I would be happy to see these proposals introduced in terms of my local ward and assume that the same principles have been involved in other areas of Trafford given that the majority of wards have a degree of alteration proposed
