I am writing as a resident of Meadway, Sale.

I understand the boundary changes would result in our ward being redrawn and renamed the Manor ward as the successor to St Marys. I am particularly concerned about the growth of the ward in comparison to the proposed neighbouring ward of Western Parishes which will have more than 1000 electors less than the average..

With those concerns in mind the better option would be to leave the southern boundary of Manor ward unchanged from the current St Marys configuration and leave Bucklow St Martins unchanged rather than create a new Western Parishes.
