Dear Boundary Review team,

I am writing with regard to your proposals to redraw local election boundaries in Trafford.

I live in the proposed Sale Priory Ward and want to support your proposals for Sale East.

However I am concerned about overall Ward sizes and how large the geographical size of the planned Western Parishes ward is. I can't see how this would be practically represented by councillors given how spread it is. The old boundaries splitting this between Bucklow St Martins and Bowdon wards would be more reasonable.

Thank you
