Hello,

I am a resident of Vale Road in Timperley living in the Village Ward.

It is proposed that I move into Timperley Central Ward under the new plans which is the successor to Village.

I am supportive of this as the new ward continues to be focused on the village centre which I think is appropriate. The clearer boundary at Shaftesbury Avenue is also positive.

The only change I would like to see if consideration to calling the Ward "Timperley Village" rather than Timperley Central as this would be a better explanation of the area covered particularly now the train line is being used as the northern boundary of the planned ward.

Kind regards,
