Subject: Boundary changes to Partington
To: <reviews@lgbc.org.uk>

I would like to state my objection to the boundary changes to my area which will remove Sale west and instead lump us with WARBURTON AND DUNHAM , Whilst I'm sure you will receive plenty of objections from Dunham and warburton about the effect this will have on their house prices the more fundamental point on behalf of the locals living in partington , we are a community of families and young persons who have disadvantaged backgrounds the majority of whom struggle vastly to afford to buy or rent locally , we have no major infrastructure nor attachments to warburton nor Dunham whom see themselves as Cheshire and have house prices to match , most locals in partington have actually been banned from jobs and going to their villages as we are seen as been common and beneath them this can be confirmed in the local paper (MEN in the past issues from 2015/2020) , this suits us we are happy to be our own brand of Mancunian

The only possible reason this would be acceptable is to certain political parties who wish to wipe out a predominantly labour / independent seat and block our votes counting , we have nothing in common with those villages whatsoever we are more aligned with Eccles and Salford than Dunham or warburton , in fact we would be better suited to be to Hulme or moss side . Dunham nor warburton suit our values or our community of helping one another , we are a community who does best as we are left alone and supported by home grown talent not those who can afford to buy out and remove local communities for wealth as such I strongly object to been put with the money grabbing toffs who wanna be in Cheshire but can't afford the golden triangle , keep partington for partington

Thank you
