Dear sir/madam

I am interested in the review you will conducting in the Mole Valley district. I'd be keen to submit my views on the potential ward boundaries especially in relation to my area, Ashtead.

To assist me I'd be grateful if you could let me know approximately how many residents per councillor you'll be targeting if you proceed with a 39 member council as you intend to.

I can immediately see the problem you face in Ashtead which currently has seven members across three wards which will either need to go to six members across two, or nine across three, and I expect the numbers won't permit either scenario which could mean merging wards across other settlements in the district. If I have some numbers to go on that would assist me in giving my views I what I hope will be a helpful way.

Kind regards.
