Leatherhead North probably meets the quota for a 3 member ward without major alterations though possibly a little more of the town centre could be added to the ward replacing Leatherhead South. Possibly a Fetcham East / Leatherhead South combination in line with the SCC division? Enabling Fetcham West to expand to meet quota for 3 members??? Headley parish could be added to Ashted Park? The M25 is a firm boundary although some parts of KT22 postcode are on the Ashted side of M25.
