It makes no sense changing half of Alvaston into Osmaston Wilmorton Crewton. Cutting off the London Road end of Alvaston does not make sense. Keep Alvaston as it is and not turn it into a small area of only new builds. Communities need the diversity that Alvaston has. I like the Alvaston current boundary as it is. I notice that Spondon, Darley, Allestree are bigger or comparable to Alvaston and not being faced with being split up. If you must. At least call it Alvaston and Alvaston Village. Just do not change the entire name The Ascot drive end would be ok to be called Wilmorton as that is what the new build area is still known as. However leave the rest of Alvaston as Alvaston and Alvaston Village. Residents will forever call the whole area Alvaston and the area has shared connections and communities.
