Comment text:

I do not approve of the Parish of Wick being part of the the Pershore Ward after being in the Fladbury ward for many years. Reasons for my objections are as follows. Pershore is a townWick is a small rural community. Wick is a conservation area with a small population which will not be understood or represented by a town council as we have completely different needs. When Wick village was damaged by flooding in 1998 and 2007 Pershore did nothing to support us indeed our needs were ignored in favour of Pershore own residents needs.
