Dear Lynne

RE

Letter to the Electoral
Boundary Commission re: their
proposed Wick Boundary changes

My wife and I strongly object to the
Boundary Commissions current proposal to effect
boundary alterations and sever Wick ~~current~~ rural
links with Fladbury and "dump" us with the township
of Pershore an overwhelmingly and increasingly large
conurbation with a current population difference
of 7255 (Pershore) to ours (Wick) of 365

The present arrangements with Fladbury have
worked well for many years and we have a good
working relationship on many rural points ~~with~~ which
Pershore cannot share

We stress that "Wick is in a rural
Conservation Area with many community groups
& would be overwhelmed by Pershore

We please ask you to reconsider!!

Yours sincerely
