I strongly object to the proposal that Wick should join Pershore. Wick is a small village and Pershore regrettably is an expanding town with a much larger and also growing population. I don't believe that fair representation could be possible unless Wick matters remain entirely in the hands of Wick representatives. The only fair way would be by a local referendum:- unfortunately not within the current rules. Our Agriculture need's safeguarding and if one looks at the Vale of Evesham too much top class soil has been built on. (Alas lacking quality infrastructure).
