

## Electoral Boundary Commission Renew

We wish to support Wick Parish Council's objection to the proposal that Wick (for Wycharum representation) is moved from the Fladbury ward to Pershore ward.

Why change the present arrangement which has worked for several years?

Pershore is a town with an ever increasing population, Wick is a rural village with different issues - we would have poor representation if we joined the Pershore ward.

Wick is a thriving community with many groups and activities - please do not let it lose its identity
