Comment text:

Having studied the revised boundary plans for Peopleton I'm extremely relieved at, and grateful for, the consideration which has been given to the opinions of those who live in these villages. I feel strongly about preserving Peopleton's rural identity - I think it promotes a sense of pride in where one lives and may well contribute to a reduction in crime, littering, fly-tipping and speeding. I hope very much that the revised boundary plan to keep us in the Upton Snodsbury ward will be adopted.
