### Comment text:

I am a resident of the village of Wick in Wychavon, Worcestershire. I have recently become aware that the Boundary Commission is undertaking a review of the boundaries of Wychavon. I have studied the suggestions of the first and latest consultations. I do not support the proposal that Wick be moved into the Pershore ward. I feel it is more appropriate that Wick be part of the Fladbury ward. Wick is a small village of long standing. It has a strong community spirit and I feel identifies more with other rural villages in the Fladbury ward than with the town of Pershore. Moving the small village of Wick into the large Pershore ward would lessen the feeling that we residents of Wick have a reasonable representation in comparison to residents of the town of Pershore, which has an increasing population due to new build housing, both now and in the future. Wick is a rural conservation area and I feel it would be better represented in the Fladbury ward with other similar villages. I feel that appropriate community representation is very important and should not be secondary to numerical factors. I hope my comments are constructive to your deliberations
