Comment text:

Shaw forth is an integral part of Whitworth. Many families have relatives in all parts of Whitworth and thus their interests are inextricably linked. Culturally there are many organisations such as theWhitworth Band, bowling clubs, Whitworth historical society and many others which draw their memberships from all parts of Whitworth rather than Bacup. This not to decry the people of Bacup - they have their own separate identity and even their own accent and I'm sure that they would want to keep it that way. The proposals in my opinion represent change for the sake of change and would serve no useful purpose
