I think all of Whitworth, which includes the Facit & Shawforth ward should stay as one ward. There is a lot of local passion in this area, Whitworth Library is used by people from all parts of Facit & Shawforth. The vast majority of children who reside in Shawforth attend Whitworth Community High School. other local community organisations include cubs. scouts, brownies. Guides, Samba dance studio has fantastic success with well over a hundred children taking part. so many in fact that on presentation events, it has to be run over two days!!! A new youth scheme, again covering the whole area called Valley Youth Vibe is having great success with the youth of Whitworth/Facit/Shawforth . A single "super" ward with 3 councillors would make the most sense. There is a geographical natural break just to the north of 488.Peel Terrace, Market Street, Shawforth OL12 8JB. The people of Shawforth use the doctors surgery in the centre of Whitworth and also the local branches of Coop Food and Tesco Express. The brilliant "Santa Express", started at the end of 2020 to help the whole community after covid 19, it was again successful in 2021 and is running again in 2022, all manned by volunteers. The Rushcart is a regular feature in the late summer, one of very few still about and always a very popular event with well over a thousand people spending time watching or taking part. Whitworth has it's own Tourism & Leisure Committee, which includes a couple of Parish Councillors but also approx 15 other volunteers, a real community effort
