### Comment text:

New boundary names 'Toxteth' & 'Princes Park' ward should be renamed Princes Park North/South. This is because the name Toxteth continues to have a negative meaning and does not allow the area to move on. As a person who works with professionals across the city I know first hand how professionals view the area just because of the name 'Toxteth'. Toxteth needs to move on and this starts with a better boundary name. Why is this area (Princes Park ward) being renamed Princes Park ward and Toxteth. Other areas are being renamed south/north.
