**Organisation Name:** N/A

### Comment text:

We live in Grayswood but are within the Milford and Witley ward, under the current proposals. Our 'local' Councillors are currently in the Thursley & Elstead ward and we are in Witley CP. We have no say in anything in our village, nor in Haslemere and aren't represented by our actual local councillors. We have to drive to Brook to vote - in local elections this is for people who have no interest in us at all - when we live 200m from Grayswood village Hall. Children living along our bridleway are in the catchment area for Grayswood primary school. Residents here play an active part in the local church, All Saints and in a range of Grayswood community activities. We propose that all properties along Bridleway 47 Haslemere/147 Witley up to the railway line are put inside the Haslemere East ward. This comprises: Oakland's Farm, Dorotay Farm, Ninford Cottage , Nos. 1 & 2 Red Cottages. This would enable us to have a voice in matters concerning our local community.
