Wychavon Boundary Review - Part Proposal

## Droitwich Central & Droitwich South West Wards

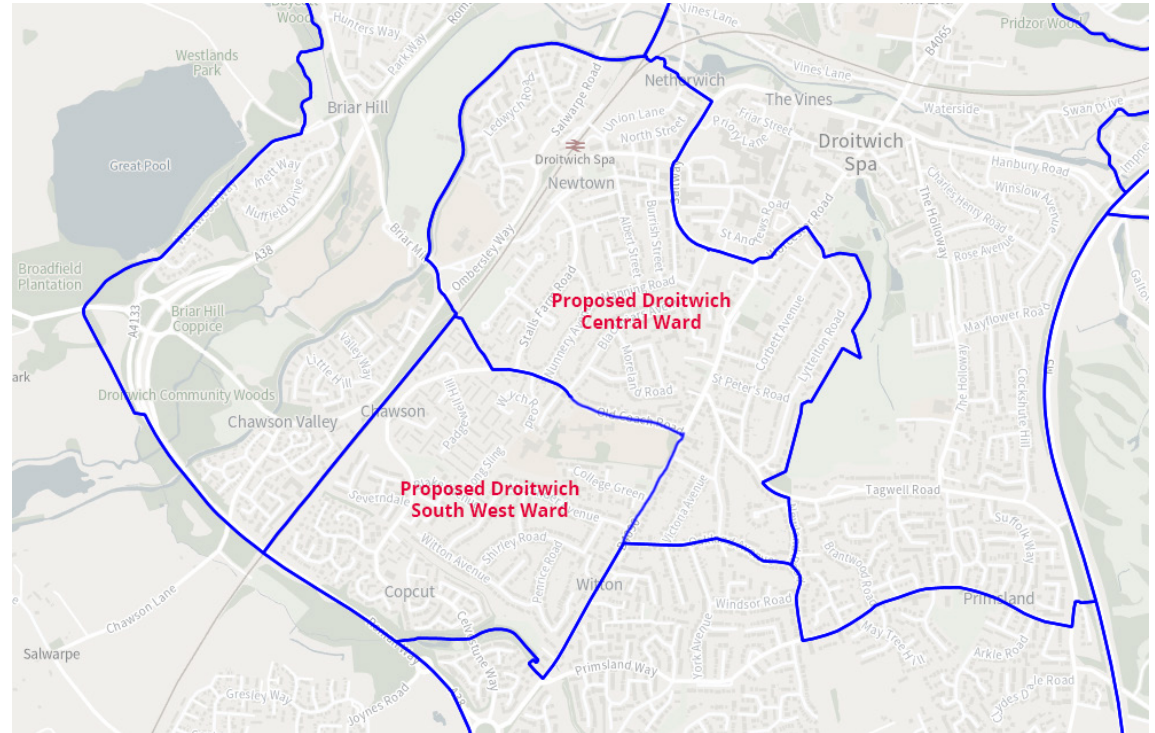

### Droitwich Central

Droitwich Central is a unique ward which comes with its own unique set of challenges such as the Railway and its subsequent parking issues. Therefore, residents deserve a dedicated councillor who's wholly focussed on representing the voices of Droitwich Central residents in the face of those unique issues.

Our proposal for Droitwich Central is to extend the boundary East along the Old Coach Road and then South to connect with the boundary of Droitwich South East at the Junction of Oakland Avenue (see map of proposed change). This would increase the electorate number of Droitwich Central, making it more viable as a single seat ward and decrease the electorate in Droitwich South West to bring it down to a single-seat ward.

### Droitwich South West

We propose reducing the ward as detailed above to become a single-seat ward (see map of proposed change)

## Hampton Lovett (Ombersley or North Claines & Salwarpe Ward)

We have consulted with residents in Hampton Lovett who are unhappy with the proposed change whereby they will become part of Droitwich West. We agree with them that Hampton Lovett is an area that is distinct from Droitwich and should not be included within a Droitwich Ward.

Our proposal is that either;

- a.** Hampton Lovett becomes part of the proposed Ombersley Ward (see map of proposed change)
- b.** Hampton Lovett becomes part of North Claines & Salwarpe by extended that ward upwards to include the village (see map of proposed change)
