Comment text:

As a resident of Peopleton I am decidedly against Peopleton being added to the Drakes Broughton ward. The A44 is a barrier between the 2 villages and Peopleton has much more in common with White Ladies Aston and Upton Snodsbury than Drakes Broughton - which is a much more urban community. Our church is connected with the Bowland churches. I feel if we were moved to join the Drakes Broughton ward we would have much less opportunity to voice matters that are of importance to our community.
